Summary: This is based on a strange dream I had. Beware!!! Also, if you love Misty, please read. If you hate Tracey, please read!!!!!!!!!!!!!!!!!! This is my version of Misty's past. Remember, this was a dream!

1. Pokemon noodle Part 1

This story is written like an episode of Pokemon. The episode is called Pokemon noodle.(don't
> ask!) I don't own Pokemon but I own the episode! Don't sue me! This is about Misty's life story.
 I have heard so many versions of this story it's scary!

>~~~

>
All of a sudden words came across the screen. They said, and so did Ash: "Pokemon Noodle".
>
Ash looked at Misty. She fainted! He looked around the theater. Everyone but Ash, Misty, and
> Brock seemed to be in some sort of trance! Ash screamed a really girly scream but it was enough
 to wake Misty and Brock.

>
Misty and Brock looked at Ash. Ash pointed to the people in the theater.
>Brock said, "Ohhhkay lets try to get them out of whatever trance they are in!"
>Misty said, "There's no hope I can't even wake them up!"
> Tracey ran in and started praying to the strange things on stage. (Sorry, I just have
 a problem with Tracey!OFT!) He repeated you are the greatest! You are all powerful! Help me!
>I need help!
>Ash said, "Tracey does need help!
>Misty said "Oh yeah"
>Misty walked up to the front of the stage and asked them how they got so much power!
> Then it got Freaky. The things on the stage started reciting a double motto, the
Team Rocket motto! The girl with red hair turned out to be Jesse. The one with blue hair
>ended up being James. The girl in the yellow hair was Cassidy. Botch (as James called him) was
 working the lights. Well, instead of Meowth saying Meowth that's right Giovanni Team Rocket's
> boss did. Even worse Tracey was still praying to them! (Does that scare you? It scares me!)
>Jesse said "Meowth found the Pokemon noodle, he is the new leader of Team Rocket"
>Misty screamed "NNNNOOOOOOOOOOOO!!!!!!!!"
>"Misty, what's wrong? What is the pokemon noodle?" said Ash and Brock together
>Who's that pokemon????
~~~

>Misty continued "Rosetta is my twin sister. Like my father we developed strong magical
powers by age two. We were able to catch Pokemon more easily than most people. My sisters
> Violet, Daisy, and Lilly never developed magical powers. This was a mystery because
 according to legend all of my father's children would have these powers. I often whent
> to your house, Ash, because my father sensed that Your family would play a major rule in
 our lives. Visits to your house stopped when I was about eight years old."
>
"Wait! um-er not to interrupt but you must be that girl" Ash said
>
 Ash pulls out a picture of Misty with XOXO all over it. Misty bursts out laughing.
> Ash turned red in embarrassment! Ash said "Whoops!" Then pulls out an older picture of Ash
 and Misty's families combined. He pointed to Misty in the picture.
>
Misty said while laughing "Correct now on with the story." She became serious again
>"Everything was fine and dandy until I was about ten years of age. I snuck out of the house
 to go shopping with some friends. I felt bad but little did I know that team Rocket planned
> a sneak attack on our gym. They were going to use my fathers, my sisters, and my own power
 to dominate the world. At least that is what Violet, Daisy, and Lilly said when I got home.
> They said that my mother is on Giovanni's side. I can believe that! My own mother was
always very mean! They also said that they were actually Giovanni's children! This
>explained why Daisy, Violet, and Lilly never developed magical powers. My mother had the
power to control the minds of people and Pokemon. My father wouldn't let my mother or team
> Rocket take over our minds! He got the first small objet he could find which was a macaroni
 noodle. He shrank himself, my sister, and all of our magical objects. Like a big tornado
> they flew into the noodle. Of course my father enclosed it and protected it from decay.
My 3 sisters wanted nothing to do with team Rocket's plans they protected it from team
>Rocket. Since I was the only one left who could get them out of the noodle Lilly brought
it to me. Since she was such a klutz she dropped it in the Cerulean gym's pool. We searched
> the pool a few thousand times and never found it! Giovanni sent my sisters money. I told
them to send it back but when they didn't I left! You know the story from that point."
>
"Why didn't team Rocket go after you Misty?" Asked Brock

>
"My mother was more dense than Ash! If that is possible. Oh yeah forgot about Tracey" said
> Misty as she once again hits Brock on the head with a Mallet O'death.
>"Let's go find that noodle," said Ash
> Sometime during Misty's Story Team Rocket disappeared. Misty, Ash, Brock, and Tracey
 (still praying)walked down a series of hallways. Misty was leading them somehow.
>
 Finally they walked into a room that sorta looked like Sabrina's gym. In the middle
> was the noodle. Ash reached to get it but the alarm went off. Misty's mother appeared. She
 was tall, had dark red fiery eyes, red hair that was almost down to the floor in length,
> and she wore a strange looking bright red outfit(She found a way to go to the Flint the
Time Detective world and stole Petra's outfit). She attacked Misty, Ash, Brock, and Tracey

>(still praying). Before Misty's mother could do anything Misty turned herself, Ash and Brock
 invisible. She left Tracey because he wouldn't shut up!

>~~~

>
"Hey I'm not invisible anymore!" Ash said
>
Misty said, "Let's see what is in this noodle!"
>
> Misty opened the noodle. In front of them was a fifty-foot pile of pokeballs only
they were different they were not colored red and white there were many different color
>combinations. There was also a girl Misty's age with very long light blue hair.(Have to
 get in the colors of the rainbow! Japanese anime) She wore a green dress and had on a
>fire pokemon charm bracelet. On it was a Charmander, Charizard, Growlith, Flarion, Magmar,
 Ninetails, Rapidash, Moltres, and Vulpix. In her hand was Misty's charm bracelet. On that
> one was Gyarados, Tentacruel, Blastoise, Vaporion, Dugong, Starmie, Satrit (The evolved
form of Starmie. Not really but that would be cool!) Articuno, and Cloyster. Misty
>introduced her "Ash, Brock this is my sister, Rosetta" Misty put on her charm bracelet.
> "Hello Misty, nice to be normal sized again! Our wonderful magical father is stuck under
all of our pokeballs!" Rosetta said

>
Misty replied "Again! Every time he tries to put them in one place he ends up stuck under
> them!"
>All of a sudden....
> Team Rocket appeared! (Botch, Cassidy, Jesse, James, Giovonii, and Misty's mother)
>Rosetta exclaimed, "We need Pokemon!"
>"Ash! Brock! Sort the pile of pokeballs by color!" screamed Misty
>"If you find a light blue and green one or more than one throw them to me" said Rosetta
>"If you find a purple and blue one or more than one throw them to me!" Misty said
>Ash found a light blue and green one and threw it to Rosetta. Rosetta said "Pokeball go!"
 out popped a Charizard. "Ok! Now we're getting somewhere! Fire breath, flame thrower" said
> Rosetta (fire breath is her nickname for Charizard) Misty's mother fought back with Petra
stamp.(She stole that Petra on Flint The Time Detective too!) Charizard was now under her
>control! (Petra stamp is how Misty's mother controls minds!)

>Brock found a purple and blue pokeball and threw it to Misty. Misty said "Pokeball go!"
Out popped a Blastoise! The Blastoise started fighting the Charizard it was able to avoid
> the Petra stamp. Blastoise won! The down side was that team Rocket kept Rosetta's
Charizard forever! (so sad)
>
 Ash wanted to know what other pokemon Misty had he got a purple and blue pokeball
> and threw it! Out popped a Gyarados and it started chasing Ash! Misty Screamed "NEVER
 TOUCH MY POKEBALLS! Ivy return." (Ivy is Gyarados's nickname)
>
 Rosetta and Misty joined Ash and Brock in sorting pokeballs they discussed how life
> in a noodle was. They also caught Rosetta up on the major events leading up to that day.
Ash explained how he was trying to become a pokemon master. Brock explained how he was
>trying to become a pokemon breeder. Misty explained how she was still trying to be the
best at everything! Rosetta explained how Misty and Ash would make a good couple and

>how she was good predicting things like
that!
~~~

annoying! What kind of money can
>you make being a pokemon watcher??? Professor Oak? Hero? Talk about brainless. Part
four is devoted completely to torturing Tracey!! Booger asked for it! So did Duplica
>for that matter!

>~~~~~~
> It's Flarion!

>~~~~~~
>"Noooooooooo! Tracey must die! Kill him again! KILL HIM AGIAIN!" said Rosetta,
 Misty, Ash, and Brock
>
"You know I don't think just killing Tracey will work. They didn't give up the
>first time. Maybe if we kill him again they would surrender." Said Misty's mother
>Misty said "Now do you see what I mean when I say she is more dense than Ash?"
>"At first I thought she was actually on to the fact that we want Tracey dead." said Rosetta
> Team Rocket hangs Tracey. Then Team Rocket leaves. Ash, Brock, Misty and
Rosetta get big sticks and hit him while he is hanging there. Misty steals his
>Pokemon. She keeps Marril, gives Syther to Rosetta, and Vennonat to Ash. Rosetta
steals his high-tech funky stuff and puts it in her sub-space pocket. (Speaking of
>sub-space pockets...)

>~~~~~~
>Inside Rosetta's sub-space pocket...
>"I love you. You love me." Said Gary
>"Oh know I'm singing the theme song does that mean that I'm starting to like
 Barney?? Noooooooooooooo..." said Gary

>
~~~~~~~~~~~~~~~~~~~

>"I don't want to get on their bad side." whispered Ash to Brock

>~~~~~~
>Inside Misty's sub-space pocket...
>"Hello Alakazam, anything new?" said Misty
>"Mimi wants another warehouse in your sub-space pocket for Poker winnings." Said Alakazam
>"Why not? Give her warehouse number 389,639,465." said Misty

>"I'm just locking up my Mallet. Continue with your work" said Misty
>~~~~~~
 Somewhere in the Pokeworld...
>
 Ash, Rosetta, and Brock are sorting Pokeballs. They need to sort them all
>out to find Misty and Rosetta's father. Right now there is about 10 piles of
different colored Pokeballs. Each color represents which person's pokemon it is and
>strength of the pokemon.
>Misty comes back.
>"What took you so long Misty?" said Rosetta
>"Mimi wanted another warehouse." Said Misty. (This is Mimi on Digimon)
>"Wow your still friends with Mimi! Did you teach her to play poker yet?" asked Rosetta

>~~~~~~
>Booger flies over. Tracey starts to get up.

>~~~~~~
>"Yes, I taught her to play poker! What else would she need a warehouse for?" said Misty
>"So true!" said Rosetta
>From inside a giant crater a squeaky voice says "You know how to play poker?
 (::snicker:: ::snicker::) I challenge you to a game."

>
 Misty gets an Evil smile. "Ok fine with me."
>
Misty starts to play poker with Tracey. Misty wins all of Tracey's clothes then gives
>Tracey one of Mimi's falling apart barrels for really small people. One of the metal
straps on the barrel gave Tracey rust poisoning. He dies.
>
Misty burns all of Tracey's clothes. Then she burns Tracey.

>
Booger flies over. Tracey gets up. Tracey also gets another barrel. Tracey is still puny.
>
"Well, if your not going to die you might as well help sort Pokeballs" said Rosetta
>
 "I think it is that flying cat. It flies over just before Tracey comes back to life."
>Said Ash
>(Oh no Booger was caught) "That cat must protect me!" said the squeaky Tracey
>(Tracey's in for it) Booger comes over. Takes over Tracey's body and makes him wave
his arms and say (In his squeaky voice) I'm really stupid. I'm an idiot. What happened
>to my brain me no know. Booger left Tracey's body leaving Tracey dead.
> Booger flies over. Tracey gets up. Tracey decides to help sort pokeballs.
He picks up a pokeball it was about the same size as

the puny Tracey . Tracey tries
>to lift the pokeball but it too heavy and it runs over Tracey. Tracey was killed. Even
worse (much worse) the pokeball rolled very far away. It was Rosetta's strongest and
>last Charizard, Charmean.
> Booger flies over. Tracey gets up. Rosetta is mad. Rosetta uses THE Mallet o'death.
 Tracey is now 1/2 inch tall and there is two giant craters. Tracey is dead.
>
"Charmean! My last Charizrad!" said Rosetta
>
 Rosetta starts to cry. Ash pulls out his Charizard and gives it to Roseetta.
>
"Thank you Ash! I will name it Charnice!" said Rosetta

>
"That name doesn't really fit this Charizard!" said Ash

>
"Ash, Rosetta is a very good Pokemon trainer, unlike you, Charizard will earn it's
>name! In fact she could help me with Psyduck." said Misty

>~~~~~~~~~~~~~~~~~~~~~~~~~~
>Booger comes. Tracey wakes.
>~~~~~~~~~~~~~~~~~~~~~~~~~~
>"You caught a Psyduck?? I thought you never wanted a Psyduck" said Rosetta
>"It's her favorite Pokemon." said Tracey who just got a 12 inch size barrel
>
"Shut up!" said Ash and Misty
>
 Misty let out Psyduck. Psyduck looked at the living Tracey and ate him. Tracey
> died. Agaian. Psyduck puked Tracey up.
>"It's offical! That Psyduck needs training!" said Rosetta
> Booger flies over. Tracey gets up.
> Duplica walks by and falls into a massive crater. She looked down and saw a
little man about 1/2 inch tall. Duplica was confused. She was with her Ditto and
>now a little man that looked like Tracey from Moonkitty300's stories! Then she
realized she was in Moonkitty's story. It was real!
>
"Ditto transform into Flarion. Flame thrower." said Duplica

>
 Tracey died.
>
 Duplica saw the now fourty-three foot pile of pokeballs. She walked up to it.
>She saw Misty, Rosetta, Ash, and Brock. They forced her to help sort. Ditto helped, too.
All the pokemon started helping sort exepept for the ones in the pokeballs they were
>sorting. They stayed inside. Staryu couldn't help considering arms could be a problem.
> Booger flew over. Tracey got up.
> Ash saw Tracey move he picked him up and dropped him. Tracey died.
> Booger flies over. Tracey gets up.
> Misty looks at him and steps on him. Tracey dies!!! Again.
> Booger flies over. Tracey gets up.
> Marril wacks Tracey with it's tail. Tracey dies.
> Booger flies over. Tracey gets up.
> Scyther chops off Tracey's head. Tracey dies.
> Booger flies over. Tracey's head is now intact.
> Vennonat uses supersonic, that knocks him unconsions. Yet again, steped on by Misty.
 Tracey dies.

>
 Booger flies over. Tracey gets up.
>
 Brock mistakes him for his eye and pokes him too hard. Tracey dies.
>
 Booger flies over. Tracey get out of the whole.
>
 Tracey was climbing down Brock's face. Brock sneezed Tracey went flying and
>was embedded in a tree. (Hee! Hee! Hee! Hey that Rhymed!)Tracey died.
> Booger flies over. Tracey can't get up he is stuck in the tree.
>~~~

>
Moonkitty3000- You're hopeless and you gotta go!
>
Booger- Really?
>
Moonkitty3000- Yep! Goodbye.

>~~~~~~
>Well did you like it? Why do I hate Tracey soooo much?
He stole something of mine! Really! He's really annoying! Review please!!!! REVIEW! REVIEW!
>

That makes 16 in this story. That makes only 18 times in all of
>my stories! I must kill him more! Since I am on a major sugar

rush and running out of different ways to kill Tracey, this is

>going to be weird!! It gotta be weird. I'm the author. If you

wander what Tracey stole from me. It's uhh err terrible and horrible
>that he stole this. I'd still hate him if he didn't. What he

stole makes it a thousand times worse! I'm not going to tell you, yet.
>Even worse (maybe not worse) my friend Moonfairy2000 lost to him

at poker!!!

 with
the pick. (Gee Tracey is really easy to kill I guess cause
> he is small, well small now)
> Misty picks Ash's sub-space pocket. She went in but she
wishes
she didn't. Inside were 5,000 crates of underwear. Misty
>stole 5 crates for blackmail. (Yet another thing Misty
stole!)Then
 Misty teleported out of there!
>
 When she came out Brock and Duplica were arguing about his
eyes.
>
"You do not have any eyes!" said Duplica
>
"Yes I do!"
>
"Where?? The farmer cut out your eyes!" said Duplica

>
"Huh?" said Brock
>
"A blind Brock,
> A blind rock,
 See how he runs,
> See how he runs,
 He ran after the farmers wife,

> The farmer cut out his eyes with a carving knife,
 He never saw another site in his life,
> Forever a blind Brock,
 Forever a blind rock." said Duplica

>(Wow two in one story!)
>"That's nice! There's that cat Tracey is getting up" said Rosetta
> Rosetta used Charnice and fried Tracey to a crisp. Tracey
 became a pile of Ashes with 2 eyes on top Brock picked up the eyes

> and smooshed them together and created 16 th of an eye.
>
 Booger flew over. Now Tracey doesn't have eyes either. He is

> alive! Again!
> Booger kills Tracey again. He was eaten by a hen. The hen
was taken over by Booger! Booger left the hen. Then it spit out

>Tracey! (YUCK!!! EATING TRACEY IS GROSS! I FEEL BAD FOR PSYDUCK AND
 THE HEN! PSYDUCK IS MY FAVORITE POKEMON!)
>
 Team Rocket comes again. Misty and Rosetta, (using their
> brains) call Booger over and Booger steals Misty's mother's Petra
 stamp. (From Petra to Misty's mother to Booger. I guess only evil
>can touch that stamp! Well, Booger is good evil, if there is such a
 thing) Misty uses a Gengar from one of her piles. It's name

>"Well I guess that is a way to get rid of them" said Duplica

>"I wonder what that cat is going to do with the Petra stamp?" said Ash
>~~~~~~~~~~~~~~~~~~~~~~~~~~~
>Moonkitty3000- I guess I should leave it off there.

>not use the Petra stamp on me!!! I Don't own Pokemon.

>~~~

>"Ok! Jesse, James let's do whateva this thing, ummmmm, can, uhhh, do!" said Misty's mother
> Duplica sweatdrops.
> Before Team Rocket can do whateva they fly out of da catamaran and smack into a
wall. Ash looks in amazement at what Misty and Rosetta just did. His mouth was hanging open sooo
>wide you could fit the Empire state building inside {rhyme}. (Even though I write the story,
I can't figure out why Ash does that! He should be used to all this magic stuff by now.
>Invisibility, sorting a 50 foot pile of pokeballs by color.) EvilMooonkitty3000 steals da
catamaran and turns back into Moonkitty3000. She joins Booger at tea.
